Not for my purposes

By Sheila Faulkner

Well, if you are looking for practiced reading passages and basic comprehension MC questions, this is for you. I think it would be helpful in Remedial Reading class. Too easy for my 8th graders. Eighth grade materials are hard to find; most middle school materials are geared toward sixth grade. Just didn't meet my needs.

I would probably act in a more drastic manner than just posting a poor comment.

By Vaidote Urbonaite

This is nearly a copy of "Reading Comprehension" /Success in 20 minutes a day /published in 2012, with the exception of Pre-test and Post-test and a section about "writing skills". I am appalled with this kind of

"business making" - selling the same material in a different cover - a total fraud!!! . Will certainly avoid this publisher in the future. The only reason that I am not asking for the money back that is because I don't live in the US, so it is really complicated to send it back, but otherwise, I would probably act in a more drastic manner than just posting a poor comment..
