You will not regret it. This soft documents e-book *A Murder Most Macabre By Edmund Glasby* can be your excellent friend in any type of situation.

A MURDER MOST MACABRE BY EDMUND GLASBY PDF

Jeremy Lavelle, leader of the esoteric Egyptian Society the Order of the True Sphinx, had illegally purchased the mummy of Aj-Merak, an ancient Egyptian scribe, in its three and a half thousand year old sarcophagus.

At a secret gathering of his Society, watched by his enthralled followers, he had opened the coffin, and unwrapped the mummy.

Whilst the head was that of the ancient scribe, his shrivelled and desiccated, rotted brown face staring eyelessly up from his Middle Kingdom coffin, from the neck down, wrapped up in the layers of bandages, was not the mummified remains which they had expected.

Stunned and horrified, Lavelle and a helper had then proceeded to extricate the bloody, a decapitated corpse of a recently-killed man.

The group behind the acquisition of the mummy, anxious to keep the police out of the case, enlist the help of a private investigator - Adam Blake.

For Blake, the case offer an escape from his more mundane work of digging into match fixing in illegal boxing, and has no qualms about downing tools on his other cases to look into the mystery of the contaminated sarcophagus.

However, once in the employment of the society, a sceptical Blake finds himself at odds with the superstitions of his bosses' beliefs in the ancient Egyptian occult.

Bemused by the methods and dogmas these apparent men of industry indulge in, Blake sets about methodically digging into the murky world of the Order's associates.

He soon realises just how nonsensical a world he has marched into, leaving him to questioning his own beliefs.

A Murder Most Macabre is a gripping mystery that plunges the reader into a dark and unknown world.

"A gripping page-turner." - Robert Foster, best-selling author of 'The Lunar Code'.

Edmund Glasby grew up in Morecambe and studied at Oxford. He is the author of several books including Disciples of a Dark God.

Charming British mystery

By Mia

Mummies, murders, macabre, menacing midgets, alliterations, so much done right in such a slim volume. Ok, technically it's a menacing dwarf and only some of the one mummy, but sometimes one must give into to the rhythm of the written word. This was a very fun read, primarily because it included a lot of the elements I enjoy, Ancient Egypt lore, esoteric society and a horror author as one of its members, circus, just a hint of supernatural and a murder mystery, all done British style as a bonus. So basically was a perfectly decent (not great by any means, but solid) story in itself about a private detective investigating a murder among an exclusive private club of amateur Egyptologist aficionados, that just so happened to be optimally enhanced by the right combination of accoutrements for a reader of particular tastes. And thus a very entertaining way to spend a couple of hours. Recommended.

Macabre indeed

By Jeanine

This is a fast read with a little bit of everything for those who like their mysteries with a touch of the creepy. There are ancient Egyptian rituals, headless corpses, a hardboiled detective, some circus freaks, and plenty of twists. The atmosphere is very English, with a definite eerie chill in the air. A murder shouldn't be this much fun!

Another very good book!

By S. Novoselac

Another winner by Janet Wellington! I read her first book for free, and loved it so much I actually paid for this one (something I rarely do, due to fixed income)

Angie is an up-and-coming TV reporter, engaged to her boss, and she is somewhat embarrassed by her background as a "farmer's daughter". Jason is a landscape architect and, as we find out later in the book, a talented metal sculptor, who was quite well known before his wife suddenly passed away. Angie is assigned to do "Up Close and Personal" series about Jason's new project, a neighborhood gardening project meant to eventually go national. They are both attracted to each other, but don't want to act on those feelings.

I won't go into details, because I don't want to accidentally put in spoilers, but I loved this book and these characters and watching their relationship develop. I didn't see any errors in grammar or spelling, thank goodness. There's no sex scenes either, which I liked. Some authors go into too much detail for me! I even bought the next book in the series, "Cowboy For Sale" after reading the first 3 chapters at the end of this book. I actually paid for that one too! Wow...paying for two books in a row? That's rare for me. Janet Wellington has just become my new favorite author!
