Good or bad characterisation can make or break a book and it's not just a question of creating solid individuals for the main focus of the story, we have to think about a whole cast of supporting characters, too. Judy Hall has come up with an excellent idea for creating the right blend of faults and foibles in your characters - and it's a useful device even if you're not sympathetic to zodiacal interpretations! There's also a secondary difficulty with characterisation and that is the need to create a completely different cast of characters for a second and third book – and making them convincing. As Judy Hall points out in her Introduction: "The zodiac archetypes are so characteristic and instantly identifiable the resonate with the reader at an almost subconscious level." Highly recommended.

Mario Reading: author, The Anti-Christ Trilogy

Judy Hall's *ASTRO-CHARACTERS* fills a crucial niche in an otherwise stacked-to-the-gills library of writers' guides. She writes in an approachable, no-nonsense style which both echoes and enriches her subject matter. Any would-be writer starting work on a new book would be well advised to consult *ASTRO-CHARACTERS* and follow its sage advice. I've been constructing astro-charts for my main characters for years now, and find it an immensely useful tool for keeping tabs on elusive protagonists. I particularly liked the author's Crib Sheets section – her Leo notes are very close to the bone indeed! A thoroughly well-written and well-researched book by an experienced author which should grace any aspiring writer's bookshelf.
