About the Author

I grew up in Scotland, but after I met my Dutch husband in America we decided to move to New Zealand and that's where we've settled. We bought a patch of land that we've filled with other people's unwanted animals - we didn't advertise for them, they found us! So far we have three miniature horses (we took in two and were surprised 11 months later when a third appeared - yep, we know nothing about horses!), three anti-social alpacas, a grumpy cow, one pet sheep who wants to live in the house, a crazy goat who keeps eating my manuscripts and an escape artist chicken who breaks into our house through the cat flap. And that's just the pets who live outside the house - don't even get me started on the demented, farting dog who keeps burying my shoes! On top of this I have two small girls, one DIY obsessed husband (I said "obsessed" not "skilled") and a 92 year old neighbor who thinks she lives with us.

In between cuddling animals and herding kids, I write books. If you'd like to sign up for my newsletter, which happens sporadically - usually when books are being released - then you'll find a form on my website. In the meantime, happy reading! :)

A Bad Boy trying to be good, a Good Girl driven to be bad and a five year old who wants to rule the world...

Being good is so freaking hard. And boring. Flynn Boyle has only been doing it for a couple of hours and already he's had enough. For some reason everybody thinks he's out of control when all he's doing is living his life, having fun and trying to get over an injury that's ruined his soccer career. Now he's being blamed for the fact Abby's family want to take her kid from her. He's got one week to prove he isn't a bad influence on Abby or her terrorist child. If he screws this up Abby loses the kid and Flynn loses his chance to get into his sexy neighbor's bed. He's never backed away from a challenge—on the field or off. He can be good for one damn week...maybe...hopefully...

I Loved Flynn and Abby

By Dotti Elrick

I loved this book. I have quickly fallen in love with this quirky little Scottish town. With its police force of one, the ladies of the knitting club, the unofficial town mayor/pub owner with questionable fashion sense, the American crooner and his manager, the ancient vicar, and now the bad boy of the soccer world and his entourage.

Flynn has always been a bit of a handful. A football protege, he's been thrown into the limelight and made the best of it. Partying, women, booze. He likes the attention and does what he can to stay in the middle of it. Until a career ending injury forces him back to his small home town of Invertry Scotland.

Abby has done the best she can. Disowned by her family for marrying the man she loved. She's now raising her five year old daughter alone after the death of her husband. It's always been a struggle. But after an explosion destroyed her business, her only hope of staying in her home is to sell off part of her land. To Flynn. A decision she regrets every day.

They say opposites attract. And in Abby and Flynn's case that is definitely true. Abby has seen the women who hang out with him, and she in no way measures up. And when Flynn looks at Abby, he sees a buttoned up, prim and proper matron. But there is no denying their chemistry. And when Abby's world is threatened, Flynn is forced to grow up and do something he's never done before. Put someone else's needs ahead of his own. And he finds he really doesn't mind if it means he can get closer to Abby and even her little "terrorist" Katy.

This is a very cute series. Well written. They all have their happy ever after. I highly recommend them.

Great story,I loved it.

By Brenda Romine

Humorous,witty and down right fun to read. There are moments of laughter and moments of OMG no..... That's what makes it fun.

Flynn Boyle is a footballer,well... was one. His resent leg injury has put a stop to that. Now he has to figure out what he wants to do with the rest of his life. And his new neighbor is looking like a good place to start.

Flynn encounters Abby's daughter,known as the terrorist in Flynn's eyes.Katy is a force to be reckoned with. Her character is bold,funny and conniving. Katy and Flynn have a love hate relationship at first.They start to grow on each other as time goes on.

Abby is dealing with a lot in her life. From losing her husband at a young age, to raising her daughter the best she knows how. Not having the family backing that a woman needs. Her so-called mother has thrown her to the curb. She was cut off from the family and money as soon as she decided to marry her husband. He was not to the family standard according to her parents.

There is so much to this story, I don't want to go into it all.... That would be a total spoiler. So I will just say this.... Read this!! There is a shocker in this story that will have you saying ...What?? OMG....

I really enjoyed this story, it's got a lot of meat to it. It feeds every part of your hunger in the story-telling department.

Another Great Addition to Invertary's World!

By mrdarcylover

Really, really, REALLY enjoyed this one! It was a bit different than the others, especially with an addition of a child as a major character, but it worked. I loved the depth of the characters and, seriously, who doesn't love a bad boy? Especially a hot, infuriating, reckless one?

The whole opposites attract rule really did well in this story, and the rambunctious little ragamuffin added fun/funny chaos--specifically with her bossiness. I laughed a lot while reading this book and was rooting for the 2 MCs the whole time. Plot twist was awesome, too! Didn't see that one coming!

Overall, another great addition to the wonderful world of Invertary. I can't wait for the next installment!
