BEHIND CLOSED DOORS (THE MCCLOUD SERIES BOOK 1)

BY SHANNON MCKENNA PDF

Every Move You Make. . .

Surveillance expert Seth Mackey knows everything about the women that his millionaire boss toys with--and tosses aside. Raine Cameron is something different. Night after night, Seth watches her on a dozen different video screens. Her vulnerable beauty haunts him and her fresh innocence stirs a white-hot passion that he can barely control. Raine is pure temptation, but Seth has something more important to take care of first. He's convinced that his boss, Victor Lazar, is responsible for his half-brother's murder. He cannot put his secret investigation at risk, but he can't stop wanting her--craving her--and soon he knows he can't let Victor have her. For Raine may be Victor's next victim. . .

Every Breath You Take

Raine knows she's being watched--but no one can see the secrets in her heart. She has reasons of her own to seek revenge on Victor Lazar, and she will, despite her fear--and the distracting presence of Seth Mackey. Though Raine has little experience with men, Seth's fiercely masculine good looks and animal sensuality stir her most erotic fantasies when she's along. . .and lead her to a bold plan. Offering her body to him, surrendering totally to his ruthless desire might well push her beyond all emotional limits--and beyond fear itself.

Behind Closed Doors

By Pat Stevens

Shannon McKenna is a good writer and this is a good romantic suspense story but I personally think she could use a little fewer graphically sexual scenes. They don't really add anything to the story and it gets redundant.

Potential...

By JKI

There was potential in this book for a decent beach or plane ride read. But the sex scenes just got boring after a while. Raine is trying to find out if her uncle that she hasn't seen in 17 yrs killed her father. She works at his company under one of her assumed names as mommy has been dragging her around europe most her life changing her name. Enter Seth, a PI trying to get revenge for the murder of his younger half brother at the hands of Novak, an associate of Raine's uncle, Lazar. To get to Novak - he wil use Lazar (who he is certain is involved).

Not a bad begining except Raine is living in a house previously occupied by her uncle's exmistress and so it's rigged with cameras and Seth is spending quite a lot of time spying on her getting changed.

Raine is a push over and is perfect for Seth's macho territorial boss role. Novak is not really explored but psychotic about covers it and Lazar is practical (perhaps the most complex role in the entire book).

It's a little obsessive and weird that Seth latches on to Raine immeadiately, but that can be forgiven. Even Raine's stupidity and blind trust in the men around her can be forgiven. What can't be forgiven is the fact that if you take out the sex scenes, the scenes setting up sex, the scenes that just repeat - there is maybe a 100 pages of plot out of 400 some. Some of it doesn't even make sense.

In one scene Raine actually just gets an urge to go jogging at 230 in the morning. Why? She's restless and aggitated. What 26-yr-old does that?! Seth is also sitting outside in his truck watching her house at the time. Just creepy. Another scene has him breaking into her house and waiting for her to get home. It begs the question who this girl should have been scared of...

More of a Romantica than a romance

By J. Mullally

The book was very uneven in a lot of respects, and as I can tell from the reviews, a lot of readers did not think they were getting Romantica. Romantica is romantic erotica, and it is one couple with lots of heated erotic situations.

I totally agree that the characters are inconsistent. I also think the villains were too. The whole romantic suspense genre seems to be predicated on the most unlikely people with nothing in common falling into bed together. Or in this case the wall, shower and so on.

It also includes several detailed scenes of the villain having sex which were very offputting, as was his voyeurism with the various camersa dotted around his house, and the explicit nature of said activities in various multiples and gender combinations.

Kensington should make it clear that the Brava line is going to contain material like this. A reader who forked out good money expect Nora Roberts would well be peeved, not to mention goggled-eyed or even offended.

Having said that, the one thing the book does having going for it is an interesting if totally Neanderthal hero, though I can' tbelieve he had not had a girl for five years since his brother was killed, he is so rampant. The drought becomes a flood, and Raine is swept away, but I would have liked to see her exercise a bit ore common sense and spine. The games they play are not always healthy or safe, and Seth not trusting her toward the end is pretty unforgiveable even if their sex life is stupendous.

The book is way too long, with lashings of detail on every movement of his body (where are HER feelings in all of this) and even the hero says himself they are like a pair of minks. Subtlty, nuance, romance, even

foreplay, vanish in a haze of power pwoer games on Seth's part. This novel could have been cut to half its length and toned down and not suffered, and still got commitment and the happily ever after. Readers who like Susan Johnson, Robin Schone and Thea Devine will enjoy these books, but anyone else should exercise caution.
