Illuminati.

By Tobias Hardy

The reason I am rating this book so highly is that I understand the correlation the storyline has with the real world we are living in. So in the first book, we find out there is a secret society within a prestigious school. But now we find out after these selected members graduate, they play a bigger part in the world. *AHEM* Illuminati *COUGH*.

I love the Cassie character. She's strong-willed and powerful. I don't quite get why Isabella would willingly let Cassie feed off her though. Anybody with a healthy amount of skepticism would question if there's something more to it. But it is what it is haha.

The ending was climatic. Loved it!
