Should be called the "Coin Laundry Bible"! Excellent book!

By Elizabeth F.

Thorough, complete step by step guide to just about anything you need to know about buying a coin laundry. It details how to conduct a water usage survey, negotiating leases, how to calculate parking spaces, even the paths customers take when visiting the laundry. A must read for anyone considering this business. The price is well worth it!

The Best: Period.

By Haigher

There is no denying that this is unequivocally the best book on starting or expanding a Coin Laundry mat business. When I first purchased the book, I thought it was peculiar that there were no used copies in vast expanse of cyber space; but now I know why. It is cliché to say, but this is truly the bible for Coin Laundry owners.

Excellent Book for a Beginner

By A Customer

I decided to buy this book after finding not much else in this business field. I am well impressed. This book has answered questions that nobody else will answer. More importantly, it's doing so from an unbiased opinion. Information, charts, evaluation methods, that are detailed in the book. Its like from an insider's perspective. This book is like a mentor with years of experience, showing you the ropes and holes to avoid.

A must buy for anyone thinking about getting into this business. Especially a new comer to this industry.
