It's a decent read, but don't go out of your way to get this

By Daniel Nilsen

I guess for \$16 it's a decent read, but it's one of those examples of a story which a good idea as the premise, but a not so entertaining follow-through of that idea. Has some good and fun moments, but I don't think the overall story is as good as it could have been. Quite honestly, the 22 minute episode of the same name from the Batman Brave and the Bold cartoon (which is loosely based off of this comic), did a better job of telling a story. If you're interested in the premise, go seek out that episode of the same name of this story.
