The book barely mentions the amazing - and free

By David Meiri

I echo what other reviewers said. We've just got back from Cancun, and the book repeatedly failed us with outdated information. It appears that Forod's did little else than changing the year on the cover from the last edition. A few concrete examples:

1. The book says that Yucatan uses Central time. In fact, Yucatan is divided to 3 states, and one of them (Quintana Roo, the one containing Cancun and the Riviera Maya) moved to Eastern Time Zone in Feb 2015. This created a lot of confusion for us when we traveled across state lines.
2. The book barely mentions the amazing - and free! - night show in Chichen Itza. It took us a lot of trial and error to find the details (online we found only misleading information, like it being closed or pricy or outdated.) In fact, the lightshow was completely redone for 2015, but requires a (free) reservation you can only book online. Your hotel can do it for you. Arrive the night before by 4-5pm, have them book it for you, be there by 6:30pm for the show at 7pm, and go to Chichen Itza first thing the following day, to avoid the buses from Cancun.
3. The book information about ferries to Isla Mojerer is wrong - there are ferries from the hotel zone as well,

not just from Puerto Juarez

4. The book doesn't give good directions to our most favorite attraction on the Riviera Maya - Cenote Aktun Chen (check Trip Adviser for details.)

And then the usual list of restaurants and clubs that are already closed, etc.

Find a better book.

Pretty disappointing and I wish I would have purchased a ...

By as999

Despite the recent publication date I found that nearly all the information was outdated. Pretty disappointing and I wish I would have purchased a different book.

Not enough maps, guides, or planning resources.

By david berryrieser

It contains more hotel and restaurant recommendations and fewer sightseeing descriptions, maps, and general planning resources than I prefer in a travel guide. If you had no internet access during your trip, this might be a good thing. For example, the description of the massive ruins at Coba was brief and did not include pictures or maps. Despite taking up a good portion of the book, the hotels and restaurant sections could not even come close to covering the available options and we had much better success exploring on our own.
