This book is awesome. I bought it after I saw Brad speak and I wasn't disappointed. If you are thinking about starting a new business, but the bogeyman in your head tells you that you that you can't, then this is the book for you. Read it once and it will give you the confidence to change your life. No waffle, no B.S, this book is just straight talking, hard hitting, and honest. Money well invested.

Direct, True and Positive Reality

By Edward Zia

I love Brad Burton and this book on Life and Business. I have been through some massive challenges in my life lately (business growing great, but long-term partner leaving me) and this book has been my "Bible" keeping me together.

Thank you Brad! Love your work and this book couldn't come at a better time. Worth a fantastic read for sure!

As Expected, Amazing and a Must Buy !

By Neil

Another wake up call from Brad Burton to all entrepreneurs, existing and aspiring. Following through GOYA and GOYA TOO, this book is a must read not only for those running a business but also for those who sincerely want to run a better life. There are no short-cuts to get it right in life and business, there is no magic wand, there is no quick-fix, one has to take responsibility and more importantly one has to take massive action.

In my view Brad Burton is a perfect reference for many entrepreneurs as he is real. His message is real. And he has been through what all entrepreneurs go through and he is still going through challenges. We often

tend to look for role models who are at the pinnacle but I feel little can be learnt from them or anything at all applied. On the other hand, Brad lives in a real world, faces real problems and is so close to the common man, which makes of him a perfect role model for budding and aspiring entrepreneurs.

I have read GOYA and GOYA TOO, and now this gem LIFE BUSINESS JUST GOT EASIER, and trust me, this book is a 5-star and am hardly midway through it yet. The book is like "great food", the first bite tells you the flavour it holds, and it is really great.

If you are serious about running life and business successfully, it's time to join Brad Burton on this personal and intimate journey and trust me, you will not only enjoy the journey but arrive at the destination you had always cherished.
