Pathworking on the Tree of Life.

By Ron Elguera

Superb book for the beginner. Everything is spelled out clearly and concisely, despite the several typos that appear here and there. Have started working the Tree and it is an unforgettable adventure!!!

Pathworking: A Qabala Guide to Empowerment and Intiation

By Wizard

Hi readers, I have read various books on Qabala. Ted Andrews has brought the Qabala to people in a way that is easier to read and study the Qabalaistic system. This book further expands on the path ways on more details on the sephiras and the cards (Archetypes), the knowledge of them, the caution to areas to stay away from (the pit falls) and more on Daath how and why to take caution with Daath. This book gives more insight on how to expand your empowerment and initiation, to really gain the knowledge to each Saphiras and the Cards, the 32 Path Ways, to understand the knowledge of each one, to experience the fullest of each. One learns a good foundation and gains the life experience and to find your life purpose. This book goes beyond his others books, Simplified Qabal Magic, More Simplified Magic. It has for me, amplifys the effect on my power (magic) in my life in many ways.
