This is a useful study guide if you like things that are to the point and you just want to study the facts. The practice exams in the back of the book were very helpful. I used this book along with some audio CDs that I purchased elsewhere. I passed the exam!

Gives good overview of key laws and HR concepts

By corrinn01

I passed the exam by studying independently. This was helpful in keeping me organized and focused on topic areas. The sample questions were also helpful. Gives good overview of key laws and HR concepts. I recommend using this to supplement your studies.

this isn't a here-is-everything-you-must-know type of book, more of a basic guide line for the things you will run into more vague book. I bought it with another PHR study guide book that is more in depth and the two together have provided me a lot of information that is needed in my daily work life. I highly suggest buying this book as a overview study guide, but make sure you know the details of the core concepts before taking the test.
