Occasionally, there are lots of publications that are revealed. Those publications certainly will certainly impress you as this Problems In Modern Latin American History: Sources And Interpretations (Latin American Silhouettes) From Rowman & Littlefield Publishers compilation.

## **Review**

Problems in Modern Latin America provides a delightfully diverse collection of primary sources mixed with scholarly analyses. This potent combination offers an ideal means of instructing students in historical interpretation and historiographical criticism. James Wood helps instructors and their students focus on vital selected problems, thus avoiding the usual pedestrian compilation of factoids. Students can explore a range of often-conflicting views of important problems and gain experience in constructing and critiquing historical interpretations, not regurgitating minutiae. My students have responded with high-level critical thinking, because the readings challenge rather than bore. I've used the book since the first edition with excellent results in both classroom and online courses. (Richard W. Slatta, North Carolina State University)

For twenty years, Problems in Modern Latin American History has been of inestimable value to undergraduates and their instructors. James A. Wood has made the new edition fully his own, incorporating new areas of interest into the volume's wide-ranging thematic coverage and updating the text for a new generation of students. Among the notable results is that Problems, entering its third decade, remains as vital a resource as it was at the dawn of its first. (James Woodard, Montclair State University)

## **About the Author**

James A. Wood is associate professor of Latin American history at North Carolina Agricultural and Technical State University in Greensboro.

Now in its fourth edition, this leading reader has been updated with the aim of tightening the focus of each chapter on a major interpretive problem. This edition includes an entirely new chapter, “Historical Memory,” which allows readers to revisit the era of the Cold War from a contemporary perspective, and the chapters on nationalism and globalization have been thoroughly revised. The book continues to offer a rich variety of materials that can be tailored to the needs of individual instructors.

The reader’s unique and successful chapter organization provides a thematic complement to narrative accounts of modern Latin American history. By focusing each chapter on a single concept or interpretive problem—such as nationalism, women’s rights, or social revolution—the text engages students in the analysis of historical sources and, at the same time, introduces them to the twists and turns of historiography. Each chapter in this new edition includes at least two primary sources. With its innovative combination of primary and secondary sources and editorial analysis, this text is designed specifically to stimulate critical thinking in a wide range of courses on Latin American history since independence.

Eye-opener.

By EmuSeller

This should be mandatory for anyone born in the Americas especially United States. As a black man, I found it extremely fascinating to see the incredibly beautiful and tragic side of the history of Latin America and how the country I live in has rarely helped its neighbors to thrive. I can't help but think to myself, how can you even have any opinion on US-Latin American relations if you have not read this book?? It's absolutely essential. Everything else is just what the US government propaganda machine wants you to believe about our Latin American neighbors. At least we finally reopened our embassy in Cuba. That's the least we can do and my prayer is that Mercosur will be as strong as the EU to really provide a counterbalance to the overpowered United States.

My only request to the author is this: Can you please make a book like this for Africa, too? Its modern history has not been summarized like this yet.

Five Stars

By john harrington

Book was practically brand new. Definitely helped with my online class.

Enlightening

By Laura Z, Palmer

I appreciate the perspective from different historians and experiences of the people. It is at times difficult to read but nonetheless it is very enlightening.
