By Avi Jaman

"In order for the fire of Torah to burn in one's heart, one must have more than just an intellectual connection with it." - from the beginning of this work, is very much a common thread in all of Rabbi Bar Tzadok's vastly prolific writings. Through his many years of learning, research and teaching, he brings out true meaning and relevance to all of those trying to find it. In Sefer HaZmanim, he explores the inner significance of the Jewish holidays throughout the calendar year. He teaches us how we all can have a very real, very personal connection with God, both through heart & mind. I encourage everyone reading this - Jewish and non-Jewish alike - to check out his site at [KosherTorah.com](http://KosherTorah.com). There is something there for anyone looking to have this connection that's sorely lacking in our world today.
