An Engaging Easy To Follow Structure That Works  
By barbara j.

The book is easy to follow, engaging and straight forward.

The analogies John Felitto use work great and I am having fun with the daily inspiration cards from the play book.

John's authenticity and sincerity ring true throughout.

I find and know from 45 years in personal development as both a student and teacher that it takes 30 days - 90 days to create new neural pathways - new positive habits that last. John Felitto's 90 Day Game provides the reader with a structured platform with a step by step plan.

I found the 90 Day Game to help clarify and focus my intentions to maximize my results.
