com and was very surprised at how much valuable and useful information there was on 3D printing
By Sloan B.

I downloaded the digital version on their website and was very surprised at how much valuable and useful information there was on 3D printing. I thought I knew a lot but there is always more to learn! Thanks SD3D!

quick read and really useful, especially as a beginner to 3D printing
By Amazon Customer

quick read and really useful, especially as a beginner to 3D printing. Helped me figure out why my prints kept failing. A free download is also available on their website

Not a book!

By FrankC

This is not a book, it is a 26 page document. If you are totally new to 3D Printing or you don't like to use Google it might be helpful.
