Without Kathie's illumined interpretation and wisdom of my personal astrology, I would be rudderless in the stormy waves that the sea of life can bring one at times. Having worked with Kathie for over 20 years, and now am honored to read her book, I can highly recommend it to all. If there is any book to read on one's personal astrology and how one can use their astrology to achieve self-mastery and hence their victory in life, then this is it!
