Unique Gem in the world of Nonverbal Communication

By Katiekatieg

This workbook is a little gem for teaching at the community college level or any introductory level. It is the only text I have found that contains many effective experiential exercises. Where is the textbook that should accompany this? I have not found an appropriate text for an introductory course.

Good book

By Mauka

I like this book and use it in my classroom, wish there was more to it and explanation. It's minimal information but works.
