Anglican Book of Common Prayer

By R. Lee Hadden

This book goes page-by-page through the American Book of Common Prayer (BCP), showing the reasons and origin of the words, prayers and practices used in the 1928 BCP by the traditional Episcopalians and Anglicans. It tells the origins of the Apostle's Creed, the 4th Century Te Deum Laudimus in Morning Prayer, and why the Gospel passage was chosen for the different Sundays in the church calendar. A great "Why do-?" book!

For anyone who has ever wondered why the Book of Common Prayer is the way it is, this is a must-have book.

Complete, insightful and inspiring

By Crane C. Walden

Mr. Hadden is right on in his review. As a 76 year old Anglican and lifetime user of the 1928 BCP, the Commentary has been an invaluable aid to understanding and more fully appreciating the meaning of everything along with historical context. I'm only sorry I did not own a copy when I was confirmed at 15.

Although scholarly in approach, it is easy to read and understand. On the left side, a page from the Prayer Book is reproduced and on the facing page each prayer, psalm, exhortation, rubric, etc. on that page is examined and explained in ordinary English. Nothing is omitted except the Psalter. Even the title page, lectionary and tables are covered.

It is tragic that the book is out of print and likely to remain so. It belongs in the hands of every practicing user of the 1928 BCP and certainly ought to be required reading in every Anglican or traditional Episcopalian confirmation class.

The definitive study of the 1928 BCP

By Robbieb

For those who still use the 1928 Book of Common Prayer in church or continue to study it, this is the definitive study on the American Prayer Book. The author's explanation of prayers and readings is invaluable to lay people and ministers alike. Well worth the cost.
